

Hello my name is Joel Medina I'm 18 years old and I have attended this boot camp for 6 years now and every year I go I never leave the same. Here's a little bit of my testimony. I grew up in church all my life, always knowing right from wrong, never doing anything bad but as the years went by I started developing a bad attitude towards my parents because of some of my friends that were a bad influence so me and these friends started doing bad things, we started cussing, we would start talking bad about our leaders and parents, and so we just developed bad attitudes. So one thing led to another, I ended up in a place I wish I never was. Inside my heart I was NOT right with God. Going to boot camp has helped me to develop a better relationship with God, my siblings, and my parents. I started seeing things in me that I never saw and God showed me certain things in my life that I needed to work on. So God started working in me and changing my attitudes. Ever since then I've been changed and renewed just as many other teens have been changed. Now I'm hoping to go to the boot camp as a counselor. Can't wait to see what God is going to do in other teen's lives.

Thank you
